PROFILE

I am a passionate and motivated aspiring Front-End Developer seeking an internship to gain hands-on experience in web development. I have a strong foundation in HTML, CSS, and JavaScript, along with a keen interest in modern frameworks like React and Next.js. I am eager to learn, highly detail-oriented, and committed to writing clean, efficient code. With a strong problem-solving mindset and a desire to collaborate with experienced developers, I am ready to contribute to projects while expanding my skills in front-end development.

PROJECTS

E-COMMERCE SITE

- Developed a fully responsive e-commerce website using Next.js, TypeScript, and Tailwind CSS for an optimized user experience across devices.
- Integrated secure payment processing and streamlined checkout system, enhancing customer convenience and transaction security.
- Designed and implemented dynamic product listings with search and filter capabilities to improve product discoverability.
- Optimized website performance for fast load times, ensuring a seamless shopping experience for users.

PERSONAL PORTFOLIO

- Built a personal portfolio website using Next.js and Tailwind CSS, showcasing skills, projects, and achievements in front-end development.
- Created a responsive and visually appealing design to ensure seamless navigation and user experience on all devices.
- Optimized SEO and performance to improve visibility and enhance loading speeds, ensuring better search engine ranking.
